Company Outline

ABOUT US

PT Garasi Swadaya Indonesia is a reliable vendor that has been operating in the market since 2020. Its activity is focused on the following areas: telecommunication, consultancy, infrastructure services, information system integration, outsourcing and business integrated solutions. It also offers specific vertical solutions to the main markets.

HOW WE WORK

Our main motivation is to understand our customers' business, their processes, their challenges to be able to add value with cost-effective and accurate solutions, in order to boost their competitiveness and success.

Our other great obsession is helping our customers define and deploy their digital Transformation strategies, exploiting the disruption potential of the latest technologies, in order to promote innovation in their businesses and adapt them to the new digital economy.

We care about our clients and take great pride in the service we provide, because we care. It is the spirit of our company, why we exist, and the attitude that enables us to find solutions. It shows exactly what we believe in. It is what contributes to ensuring our clients continue with us.

VISION & MISSION

Vision

Become a dynamic, developed and trusted technology company in every technology development line as an advisor/consultant and also implementers for customer that gives us trust as work partners.

Mission

- Become a company that capable as problem solver for work partners to all system and technology informatic needs to increase performance effectiveness and efficiency.
- Contribute to actualized customers idea through providing customs technology product.
- Provide good quality product with competitive rate to ensure suitability based on customer needs.
- Increase company values through innovative products which we created and able to become best solution to our customer.

BUSINESS SCOPE

Design & Prototype

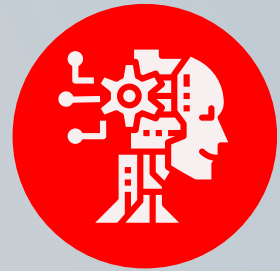

Design and prototype electronic and mechanical component

Produce & Manufacture

Produce and manufacture custom electronic devices and mechanical

Machine Learning & AI

Expertise in machine learning, artificial intelligent, with total hardware manufacturing and closure

Mining Industries

- Custom mobile tower
- Custom GPS and sensing system
- Safety awareness (fatigue detection and early alert)
- Speed trap control and reporting
- Machine learning on behavior and predictive maintenance
- Early idle engine state alert monitoring system
- Realtime body heart rate and logging for quick analysis
- VHMS monitoring system
- Long Range RFID hauling management system

Plantation Industries

- Smart scale for rubber and palm oil plantation combines e-harvest
- Precision Farming using drones capture vegetation index NDVI (normalized difference vegetation index)
- Hydro turbine vortex for off grid green power source

Oil and Gas

- VTMS (vehicle monitoring system over lora)
- LV fatigue management system and alert
- Fuel consumption management system
- IOT

PORTOFOLIO

Our Last Projects :

1. Feb 2024		Wheel Mobile Tower 800 WP • Jumlah : 6 unit • Client : PAMA
2. Jan 2024		Mini Mobile Tower 120 WP • Jumlah : 6 unit • Client : PAMA
3. Jan 2024		Auxiliary Tracking System V1.1 • Jumlah : 160 unit • Client : BUMA
4. Juni 2023		Modifikasi Mobile Tower 400 WP • Jumlah : 6 unit • Client : PAMA

**References are available
upon request**

5. Jan 2023		Radio Motorola - Januari 2023 2 unit • Jumlah : 2 unit • Client : Trakindo Utama
6. Jan 2023		Trolley Demo Eseal • Jumlah : 1 unit • Client : PT Elnusa Petrofin
7. Des 2022		Wheel Mobile Tower 400 WP • Jumlah : 18 unit • Client : BUMA
8. Mar 2022		Modifikasi MT PAMA Existing to MT 800WP • Jumlah : 10 unit • Client : PT Pamapersada Nusantara

**References are available
upon request**

9. Nov 2022		VHMS Data Collector System (VCDS) • Jumlah : 15 unit • Client : PT Harmoni Panca Utama
10. Sep 2022		Pengadaan Battery dan Antenna Radio Motorola GP 388 • Jumlah : 2 unit & 3 unit • Client : PT Trakindo Utama
11. Sep 2022		VIMS Kit • Jumlah : 15 unit • Client : PT Trakindo Utama
12. Jul 2022		Pengadaan Camera Pocket Nikon Coolpix W300 • Jumlah : 4 unit • Client : PT Trakindo Utama

**References are available
upon request**

13. Juni 2022		Pengadaan Handy Talky Motorola CP 1660 UHF • Jumlah : 2 unit • Client : PT Trakindo Utama
14. Mei 2022		Mini Mobile Tower 120 WP • Jumlah : 1 unit • Client : PT Machmahon Mining Service
15. Mar 2022		120W DC Converter Triple Out • Jumlah : 20 unit • Client : Modular Mining
16. Feb 2022		Wheel Mobile Tower 400 WP • Jumlah : 20 unit • Client : PT Sapta Indra Sejati

**References are available
upon request**

17. Nov 2021		Modifikasi MT to MT 800wp • Jumlah : 5 unit • Client : PT Pamapersada Nusantara
18. Okt 2021		MDVR All-In-One kit • Jumlah : 64 unit • Client : PT Wahana Bandhawa Kencana
19. Jun 2021		DC-DC Converter 24-52 Vdc New • Jumlah : 260 unit • Client : PT Bukit Makmur Mandiri Utama
